Kiosek Records presents

DNCH – Marco Polo

<http://bit.ly/1vTCrse>

1. Marco Polo (Original Mix)
2. Kebab (Original Mix)

When “Marco Polo” pulled in to our label studio, we experienced the feeling of being discovered. Prague-based producer DNCH (pronounced Danchez) mixes everything we love about breakbeat: the heavy bass, splendidly broken beats and the fine sounds above the whole thing. And what's more, he hit the right groove! As "Marco Polo" set out to discover the world with the delicious "Kebab" at the stern, we are happy they should sail under the flag of Kiosek Records.
